

ANUIES is

a Non-governmental organization that gathers the 191 most important public and private institutions of higher education in Mexico.

- Was founded in 1950 and since then has played an active role in the development of higher education in Mexico.
- It thus covers 70% of the total student enrollment in Mexico, at the technical, bachelor's and graduate levels.
- Our member Institutions conduct more than 90% of all research performed in Mexico.
- ANUIES promotes integral management practices, teaching, research as well as cultural promotion.

ANUIES

**NATIONAL ASSOCIATION OF UNIVERSITIES
AND HIGHER EDUCATION INSTITUTIONS**

OBJECTIVES

- To promote the interests of our member institutions and represents them in Mexico and abroad.
- To contribute to the design and implementation of politics, models, programs and projects for the benefit of higher education.
- To promote innovations in higher education through the cooperation with the federal government and state governments.
- To carry out strategic studies in order to generate knowledge about Mexican higher education system and apply it for its development.
- To promote networks and establish cooperation agreements with national and international organizations.

Strategic areas of development linked to the national agenda for higher education, science, technology and innovation.
